## EXPERIENCE

### Independent Work & Travel

#### Personal Projects

April 2023 – July 2024, Asia & Oceania

- Delivered freelance engagements including market entry benchmarking for a Taiwanese e-commerce brand and business language coaching in Japan
- Cumulative global exposure across 76 countries overall

### Institutional Sales Associate

#### AllianceBernstein

June 2021 – April 2023, Munich, Germany

- Managed 15+ institutional mandates across the DACH region (AUM > \$3B) as primary contact for client communication, documentation, and execution
- Maintained full account coverage for 3+ months post-restructure during solo operation; stabilized workflows and ensured service continuity across key portfolios
- Led screening and pursuit of institutional RFPs under limited team capacity; supported pipeline development and early-stage sales qualification
- Coordinated investment committee preparation and follow-up (equities, fixed income, alternatives); translated client priorities into internal execution across sales, investment, and external fund service providers
- Acted as key liaison between clients, consultants, internal stakeholders, and external management entities; triaged consultant inquiries and aligned pursuit strategy with senior sales leadership

### Fund Management Intern

#### PATRIZIA AG

September 2020 – January 2021, Hamburg, Germany

- Assisted fund steering for German real estate portfolios; contributed to financial planning, quarterly investor reports, and investment committee materials
- Verified and reconciled fund-level KPIs across BISON.Box, SAP, and Excel; developed macros to identify data inconsistencies and support reporting automation
- Prepared analyses and presentation inputs on COVID-19 impacts for retail assets; coordinated data with property management under tight deadlines

---

## PROJECTS

### Bachelor Thesis – China-Funded Infrastructure & Belt and Road Initiative

University of Applied Sciences, Aschaffenburg

- Conducted cross-country analysis of BRI projects in Pakistan, Sri Lanka, and Montenegro
- Quantified impacts using indicators on FDI, debt ratios, and trade flows; assessed implications for sovereign debt risk and resilience

### International Real Estate Development Project

Artesis Plantijn University College Antwerp

- Produced redevelopment concept for distressed property; led international student team across finance, urban planning, and architecture
- Built investment feasibility model and presented final project to external evaluators in investor-style format

---

## EDUCATION

### Master of Management

Peking University HSBC Business School • Shenzhen, China • Expected 2026 • 3.52
